

EMPLOYER INFORMATION SESSION

LEARN ABOUT HIRING GRADUATES IN ROBOTICS AND AUTOMATION

Employers are invited to hear about no-cost, short-term training programs offered in robotics and automation.

Individuals that have earned their OSHA 10 Card, FANUC 1 Certification, PLC Certification, and a Certificate of Completion from area colleges are ready to be hired.

If your company is in need of talented individuals with these skills, you won't want to miss this event.

Funding is also available for companies that want to upskill and promote their existing employees in robotics and automation related occupations. Funds are limited.

LOCATION

Automation Alley
Woodward Auditorium
2675 Bellingham | Troy, MI
