Braided Funding	CSG offers up to \$1,000 in RTI stipends for employers to cover training costs and can be braided with OWII and MiLEAP. The only item that cannot be braided is RTI stipends.	Please refer to MiREACH for current funding available.	MAGMA is tied to OWII and MiREV.	Funding can be used for short-term training and support services occupations in the three sectors. Participants can be counted under CSG as participants served in career counseling. MiLEAP can also be used for any added expenses.	MiLEAP is a last dollar grant that can stand alone or be braided with other funding streams for one day to two year training programs that results in a credential.	Rural healthcare careers can receive funding from MiLEAP and other sources that meet the timelines for completion.	TBD	TBD	Designed to support Closing the Skills Gap and all employer-led collaboratives.
